

BUSINESS AND MINING.

Gold Dust at Frisco Will Be Worked.

FREE GOLD AT MERCUR.

MINING EXCHANGE WILL HAVE NEW RULES.

Lucky Bill Makes Another Assessment—Sam Godbe Gone South on the Keystone—Strike in the Waterloo—Golden Gate Mill—Ore and Bullion—Silver, Lead and Copper—Mining News in General From All Over Utah.

Kelleher and Mahony, of the Gold Dust at Frisco, have gone down to the claim and will work out a lot of ore which they have in sight and are going to ship.

It appears from all the statements made that another Horn Silver is in sight. The men alluded to have been working there for some time and have uncovered a vein which is remarkable for its magnitude. It is some thirty feet across the top, and narrows down to about three feet, rich in ore. All those who are familiar with the Horn Silver and the other paying mines in the Frisco district know the formation and are confident that the Kelleher and Mahony claim will turn out with the best.

FREE GOLD AT MERCUR.

Captain Nichols Returns With a Good Piece of Quartz.

Captain Nichols, the postoffice inspector, yesterday returned from a trip to Mercur and brought with him a piece of free gold found in the quartz from the dump of the Quintrich mine, which is on the western foothills. Up to date there has been nothing in the way of free gold found in the Mercur district, although there have been several who have insisted that quartz was to be found there.

Yesterday, however, Nichols was prospecting around the dump and found a piece of ore, which when broken in open revealed the presence of free gold, and all the directors and the inspector himself are jubilant in consequence.

THE NEW RULES.

Committee of the Mining Exchange Completed Its Work Yesterday.

The committee on rules of the mining exchange met yesterday afternoon and formulated the new rules which will govern that body for the next year of its existence. Everything which has appeared in the laws of the association has been abbreviated and made terse. Hereafter all regulations will be brief and to the point.

A call for all the members has been issued for a meeting on Tuesday afternoon at 4 o'clock.

ANOTHER ASSESSMENT.

Lucky Bill Made Another Call on the Stockholders Yesterday Afternoon.

The directors of the Lucky Bill Mining company met yesterday afternoon and levied an additional assessment of 2 cents per share on the capital stock of the association. This is not the first assessment levied by the company, but management is so confident that the stock will accrue that it has determined to get the money for the work of development, come what may.

Has Gone South.

Sam Godbe took the train yesterday afternoon to go to the Keystone mine in the Frisco country to open up a deposit which is said to be rich in ore and no mistake. Although it is a silly proposition, the ore is of such a character that it will pay as soon as the mine gets into a condition where it can load its product on the cars. From recent assays made it appears that 400 ounces is a low estimate.

Hon. R. C. Lund, president of the state board of equalization, is a member of the corporation.

Has Gone Home.

Hon. Ira Mapes of Omaha, who has been in this country for some time in the interests of several Omaha capitalists—who are interested in mining in the country—left yesterday afternoon for his home and will return in a few weeks.

Mapes will bring with him, when he returns, a lot of Omaha money and will invest the same in several propositions up Elz Cottonwood canyon.

THE CLARA M.

Big Cottonwood Men Are Eager and Anxious For Development.

John C. Barnard, who is heavily interested in the Clara M. in Big Cottonwood, and who has been in the city for the past three weeks, left last evening for his home in Nebraska.

The mine is in fine condition, and lately the workers have struck a fine vein of ore which runs rich in silver and lead.

B. B. Mann of this city is interested up there, together with several eastern parties, and good results are anticipated.

STRIKE IN THE WATERLOO.

After Many Days the Investors Get There With a Rush.

The Waterloo Mining and Milling company, which has been spending a great deal of money in the Camp Floyd district for the past three years, has at last struck it rich and has encountered a vein which is wonderful in its richness. It is over three feet across and runs as high as \$50 to the ton in gold, with the general average of \$22.

GOLDEN GATE MILL.

It Will Doubtless Be Built Very Soon—Contract to Be Let.

The Golden Gate people are figuring on a mill for which the contract will be let in a few days. It will be of a capacity of over 100 tons beyond what they have now and will be the finest in the camp.

Contractors are busily engaged in preparing figures for the tanks at this writing.

Ore and Bullion.

The receipts of ore and bullion in this city yesterday were as follows:

Commercial National—Ores, \$11,700; Bamberger & McMillan—Ores, \$11,700; T. R. Jones & Co.—Ores, \$6,100; bullion, \$6,000.

Wells—Fargo—Pennsylvania bullion, \$3,300.

Silver and Lead.

Bar silver yesterday rose to 67½. Lead, \$2.50. Copper was quoted at 10½.

ALWAYS COMPLETE.

In the number of its elephants—which it has two big performing herds—rarest wild beasts, distinguished performers, brilliant acts and races, and in the magnitude of its grandstand, the Consolidated Great Adam Forepaugh and Sells Brothers' enormous shows claim—and with the strongest kind of an array of facts to back them up—surpass any other show of the kind. They also come to the front in female progress by introducing for the first time lady clowns and lady ring masters, whose popular triumph has been phenomenal. Each and every one of these attractions, and others, will be forthcoming here on July 22. The management pledges their word that the show is never divided or curtailed, but that everywhere and under all circumstances, every one gets precisely the same for his money, and ten times as much at that as any other that can or will exhibit here on possibly give.

MAKING GUESSES.

REPUBLICANS WHO ARE HOPING AGAINST HOPE.

A Virtual Admission, However, That the Delegates to the National Populist Convention Will Either Endorse or Nominate Both Bryan and Sewall.

ST. LOUIS, July 18.—Not enough of the delegates to the national populist convention, which assembled here next Wednesday, have arrived in the city to give a fair idea as to the complexion of that gathering. A majority of those here are "middle of the road" men, who are not in favor of the endorsement of Bryan.

The temporary chairman will be selected by the national committee at its meeting on Tuesday. Although the man will be virtually named by the national executive committee, which held its first meeting today with only six members present.

"Crooks" of Texas, who is opposed to fusion and is for an independent Populist ticket, is the choice of the "middle of the road" people.

There is a possibility that he may be selected to the rear. The "middle of the road" men are in a majority, but when the three absent members of the committee get here there is a strong possibility that United States Senator V. Y. Allen of Nebraska may be put forward for both temporary and permanent chairman. Senator Allen is said to be outspoken for the endorsement of Bryan and Sewall and for the union of all the forces.

If the anti-Bryan men and the members of the national machine try to run in a temporary chairman, the scene in the Chicago convention when David B. Hill was turned down and Senator Daniel of Virginia put in may be duplicated.

The Bryan wing of the party claims to have delegates out of the total of 1,350, and this large number would not submit to the dictation of the minority faction.

At today's meeting of the executive committee it is claimed the subject of temporary officers was discussed. It was taken up, but only in an informal way. Chairman Taubeneck soon discovered that not all the members were in the room, and he was unable to hold the "middle of the road" would have a majority in the full body of men. This altered his plans, and the matter was postponed. It is said the "middle of the road" men threaten to bolt if Bryan is endorsed. They come mostly from south of the Mason and Dixon line.

Tonight's arrivals are not numerous, and it was expected that a large number of Populists will come in before Monday or Tuesday.

BEAUTIFUL SALTFAIR.

Music in the Air.

Two grand concerts, afternoon and evening, by K. of P. band at Saltair today.

A SILVER ADDRESS.

It Will Be Ready For the Public This Evening.

DENVER, Colo., July 18.—A special to the Republican from Manitou, Colo., says: All of the silver men who are to confer on the great question of how best to use the silver forces had bring good news. The members of the conference present include Senators Teller of Colorado, Mantle of Montana, Pettigrew of South Dakota, Dubois of Idaho, Congressman Hartman of Montana, Wilson of Idaho, Burchinal of West Virginia, Sharoth of Colorado and Hon. A. M. Stevenson of Colorado. The party got together in the rooms of Senator Dubois tonight and informally talked over the situation, discussing every phase of it, each offering suggestions as how best to promote the cause for which all are fighting.

Senator Teller submitted a draft of an address to the people which he had prepared and Senator Dubois also offered several additional suggestions to be embodied in the pronouncement. Senator Teller stated to the representative of the Republican that although they had canvassed the situation pretty thoroughly they would not be ready to give the address to the press until Sunday evening. It will be quite a lengthy document and will contain about 2,000 words, fully setting forth the situation and conditions which surround them and which influence their present action. They will unequivocally endorse Bryan and Sewall, giving in detail their reasons therefor, and outlining what they believe to be the best line of campaign for the silver forces. They each express the hope that the Populist convention at St. Louis as well as the silver convention will endorse the nominees of the Chicago convention but they are not particularly enthusiastic over the present prospects from Populists. None of them will attend the St. Louis convention.

BEAUTIFUL SALTFAIR.

TAUBENECK IS STIFF-NECKED

Populist Leader Thinks He Weighs a Ton.

HIS VIEWS ARE GIVEN.

LOOKS AS THOUGH HE WOULD BE OVERTHROWN.

"Under No Consideration," He Says, "Will I Endorse Bryan and Sewall at the Convention on July 22." His Views as to What Other People Will Do.

ST. LOUIS, July 18.—Chairman Taubeneck, of the People's party national committee, who has had nothing to say for publication since the Chicago convention, has at last broken his silence and submitted to an interview with a representative of the Associated Press.

"Are you in favor of the Populists endorsing the Democratic ticket nominated at Chicago?" he was asked.

"No; under no consideration will I vote to endorse Bryan and Sewall at the Populist convention on July 22."

That would mean, he said, the destruction of the People's party organization.

"Have you any idea what the Populists will do towards combining all the elements opposed to the gold standard in the coming campaign?"

"I believe the People's party convention will favor the idea of nominating a candidate for president and vice-president and then combine the efforts of the two parties on one set of electors. This can be done without the sacrifice of principles or our organization and will also unite the elements opposed to the gold standard."

"Do you believe that if the People's party national convention should endorse Mr. Bryan that the entire vote of that party would go to Bryan at the polls next November?"

"No," he said. "The People's party national convention should endorse Bryan and Sewall, the leaders could not deliver more than 50 per cent of the Populist vote throughout the country. Members of the People's party possess a strong individuality and will not follow their leaders if they attempt to lead them astray."

"Do you think if the People's party should nominate a candidate for president and vice-president and then combine on electors, that the entire vote could be polled for such electors?"

"I believe the full Populist strength could be polled for such electors. I believe the full Populist strength could be polled for such electors. I believe the full Populist strength could be polled for such electors."

A LYNCHING IS VERY PROBABLE

Idaho People Badly Worked Up Over a Rape Case.

EVIDENCE IS CONCLUSIVE.

IT WAS ALSO OF A VERY REVOLTING NATURE.

Defendant Sentenced to Life Imprisonment, But There Are Indications That He Reaches the State Penitentiary He Will Be Taken From the Officers and Put on a Telegraph Pole.

(Special to The Herald.)

BOISE, Idaho, July 18.—John J. McBride has been sentenced to life imprisonment at Silver City for rape. The evidence, of a most revolting nature, proved McBride for months had forced his 11-year-old step-daughter to submit to him. The girl is nearly dead, and threats of lynching were made.

It is rumored that when the sheriff starts from Silver City today with McBride to lodge him in the penitentiary, the rapist will be taken by a mob and hanged.

BERLIN BITS.

Another Colonial Scandal Near Exploding.

BERLIN, July 18.—(Copyrighted, 1896, by the Associated Press.)—Another colonial scandal is on the point of exploding. Herr Von Puttkamer, governor of the German Cameroons, is accused of having committed many acts of inhumanity and cruelty similar to those alleged against Whelan and Liest, and for which those officials were ordered to be dismissed from the colonial service.

Von Puttkamer's accusers are Von Stroth, late vice-governor, and Gosebrecht, the same British consul who exposed the abuses in the Cameroons under Whelan and Liest. A large number of affidavits of eye witnesses and victims of Von Puttkamer's brutality are now in possession of a German paper and will soon be published.

The evidence is so strong that it will be impossible to avoid an official investigation. Von Puttkamer, who was appointed to his post only eleven months ago, is accused of having committed the most horrible atrocities upon both male and female natives of the Cameroons, of vice excesses and of financial speculation of a shady character. Rumors of this kind have been current in colonial circles for some time. Additional evidence against the governor is in the hands of two members of the left, and it will be before the reichstag when the body reassembles, in the form of an interpellation to the government. The rejection of the oleomargarine bill by the federal council has deeply angered the whole agrarian party.

The Deutsche Tages Zeitung, the organ of the federation of husbandry, bitterly reproaches the government for its failure to support suffering agriculturists with either big means or little means.

A bill was introduced in the diet to increase the salaries of all government employees in Prussia. This would involve a total of 20,000,000 marks to be paid in Prussia. A similar bill will be introduced in the diet to increase the salaries of imperial officials and likewise those of any army officers from the grade of first lieutenant upward.

A cavalry captain named Baron von Ehrhardt, and first lieutenant von Kampitz of the garrison at Dusseldorf, have been dismissed from the army because they refused to accept a challenge to fight a duel with pistols which was sent to them by a notorious scoundrel. Both officers published the facts as an advertisement in a Dusseldorf newspaper.

Emperor Augusta and six of the imperial princes may be seen daily bicycling riding in the park. This is a new sport for the emperors, but under the tuition of her two oldest sons, the emperor's wife, Empress Augusta, is making rapid progress.

The wife of Captain R. K. Evans, the military attaché of the United States legation, made a bicycle trip to Herford and back, a distance of 400 miles, this week.

During the intensely hot weather of the past week the maneuvers, drills and marches of the army in various parts of Germany were attended with many fatal cases of sunstroke. At Mayence the long distance march of the Thirty-seventh and Eighty-eighth regiments was marked by forty-eight cases of sunstroke, of which sixteen were immediately fatal. In the maneuvers at Caputh, thirteen soldiers fell dead. Similar cases are reported from south Germany.

The Reichsanzeiger publishes a statement of the fiscal operations of the government for the year 1895-96, showing an excess in the ordinary revenues of the empire of 26,227,387 marks over the estimate of which sum 1,257,796 marks will be used to cover increased expenditures and 13,000,000 marks applied to reducing the imperial debt.

IS NO LONGER ANY DOUBT

Bryan Will Receive Teller's Unqualified Support.

JUSTICE IS ON OUR SIDE.

SILVER'S CAUSE IS THE CAUSE OF THE PEOPLE.

Teller Does Not Believe It Possible That in Such a Contest Before the American People Justice Should Fail and Wrong Prevail—Letter From the Great Silver Man Greatly Appreciated by the Nominee.

LINCOLN, Neb., July 18.—That William J. Bryan will receive the support of Henry M. Teller of Colorado there can be no longer any doubt. Mr. Bryan today received a letter from Senator Teller, in which he told him he would support him in his race for president.

The letter reads as follows:

"Denver, Colo., July 18, 1896.

"Hon. W. J. Bryan, Lincoln, Neb.

"Dear Sir—I congratulate you on your nomination at Chicago. I think the country is to be congratulated also. I need not assure you that your nomination was more than satisfactory to me. I think we shall be able to consolidate the friends of free silver in your support, and if we do this I believe you will be elected, although I am not overlooking the tremendous power that will be put against us in this campaign. All the power of money and organized wealth, corporations and monopolies of all kinds will be against us. Justice is on our side, and it is the cause of the people. It is a contest for industrial independence and for freedom from the domination of foreign powers and foreign capital."

"In such a contest before the American people that justice should fail and wrong prevail. I do not believe we shall fail. I think I can promise you that I will not offer any suggestion to you save to advise you that as you were nominated without pledges of favor or privilege to anyone, that you maintain that position and make no compromise with anyone so that you may go into the great office of president of the United States without the embarrassment that follows pledges and promises, even if they are such as may be properly carried out. It will afford me pleasure to place myself at the disposal of the national committee to make speeches in your behalf as they may permit, where and when they may think it will do good. I am, very respectfully,

"H. M. TELLER."

This letter greatly pleased Mr. Bryan. When Mr. Bryan had finished his breakfast
